At this point you should know two things; Nicolas Cage is the greatest. DRIVE ANGRY 3D will be amazing. Now, go watch the new red band TV spot.

DRIVE ANGRY sees Cage break out of hell and go after the cult that's murdered his daughter and kidnapped her baby. Along for the ride are the amazing William Fichtner, Amber Heard, Billy Burke and Tom Atkins. DRIVE was directed by Patrick Lussier and co-written (along with Lussier) by Todd Farmer (the team behind MY BLOODY VALENTINE 3D).

DRIVE ANGRY hits theaters February 25. Check out FANGORIA #301 (on sale this month) for our big ol' exclusive feature on the film!
