THE DEVIL'S CARNIVAL is traveling the nation carnival-style, and is headed toward a town near you! From Darren Lynn Bousman and Terrance Zdunich (the same twisted minds who brought you REPO! THE GENETIC OPERA), THE DEVIL'S CARNIVAL is a spooky little trip through a carnival owned by Lucifer himself. Check out some fun pics from the movie's premiere in Santa Monica, CA, snapped by David Ian McKendry and John Humphrey, after the jump.

In this terror tale, souls enter hell and are tested for their sinful natures, à la Aesop's Fables. Plus, it's a musical, full of catchy little ditties that will leave you singing the devil's tunes all night long. In addition to Bousman (1st photo below), attendees at the premiere included composer Joseph Bishara (2nd photo), producer Spooky Dan (3rd photo, with his wife) and cast including Nivek Ogre (4th photo), Bill Moseley (5th photo, with his daughter), Paul Sorvino (6th photo, with yours truly), Sean Patrick Flanery (7th photo) and Slipknot's Shawn Crahan (8th photo).
