Yes, horror hounds, there is life after PHANTASM. A decade after his sleeper sensation BUBBA HO-TEP, JOHN DIES AT THE END (now on VOD; beginning its multi-city theatrical rollout on January 25 from Magnet Releasing; see list [here](#)) proves again there's more to genre fave Don Coscarelli's cinematic career than silver balls and interdimensional dwarves. FANGORIA's editor emeritus Tony Timpone chatted with writer/director Coscarelli about his latest cult flick, which has been burning up the international film festival circuit since last year. You can check out our exclusive talk with Coscarelli below (edited and shot by ace videographer Bill Hall), where he does his best to describe his crazy film.

In JOHN DIES AT THE END (per the film's official synopsis), it's all about the Soy Sauce, a drug that promises an out-of-body experience with each hit. Users drift across time and dimensions. But some who come back are no longer human. Suddenly a silent otherworldly invasion is underway, and mankind needs a hero. What it gets instead is John (Rob Mayes) and David (Chase Williamson), a pair of college dropouts who can barely hold down jobs. Can these two stop the oncoming horror in time to save humanity? No. No, they can't.
